

Up to 4,474,945 Shares Common Stock

This prospectus relates to the offer and resale, from time to time, of up to 4,474,945 shares of our common stock, par value \$0.001 per share, by Lincoln Park Capital Fund, LLC, which we refer to in this prospectus as “Lincoln Park” or the “Selling Stockholder”. The shares of common stock to which this prospectus relates includes (i) up to 4,051,998 shares that we may sell to Lincoln Park, from time to time after the date of this prospectus, in our sole discretion, pursuant to a purchase agreement between us and Lincoln Park dated August 4, 2023, which we refer to in this prospectus as the “Purchase Agreement”, (ii) 211,473 shares we committed to issued to Lincoln Park in consideration for its commitment to purchase shares of our common stock at our direction under the Purchase Agreement, and (iii) 211,474 shares that we may issue to Lincoln Park as additional consideration for its commitment to purchase shares of our common stock at our direction under the Purchase Agreement, at such time as we have received an aggregate of \$5,000,000 in cash proceeds from Lincoln Park from sales of shares to Lincoln Park, if any, that we elect to make from time to time after the date of this prospectus, in our sole discretion, pursuant to the Purchase Agreement.

We are not selling any securities under this prospectus and will not receive any of the proceeds from any resales of our common stock by Lincoln Park under this prospectus. However, we may receive up to \$10 million in aggregate proceeds from sales of our common stock, if any, that we may, in our sole discretion, elect to sell to Lincoln Park pursuant to the Purchase Agreement, from time to time after the date of this prospectus and after satisfaction of other conditions in the Purchase Agreement, based on market prices of our common stock at or prior to the time we elect to make such sales to Lincoln Park.

Lincoln Park may sell the shares of common stock described in this prospectus in a number of different ways and at varying prices. See “Plan of Distribution” on page 18 for more information about how Lincoln Park may sell the shares of common stock being registered for resale by Lincoln Park under the registration statement that includes this prospectus. Lincoln Park is an “underwriter” within the meaning of Section 2(a)(11) of the Securities Act of 1933, as amended, or the “Securities Act”.

We will pay the expenses incurred in registering under the Securities Act the common stock to which this prospectus relates for resale by Lincoln Park, including legal and accounting fees. Lincoln Park will pay all commissions and other fees and expenses of all broker-dealers engaged by Lincoln Park to effectuate resales, if any, of our common stock that Lincoln Park has or will purchase or acquire from us pursuant to the Purchase Agreement.

Our common stock trades on the NYSE American LLC, or the “NYSE American” under the symbol “IBIO”. On August 11, 2023, the last reported sales price of our common stock on the NYSE American was \$0.4441 per share.

Investing in our common stock involves a high degree of risk. These risks are described in this section titled “Risk Factors” beginning on page 9 of this prospectus.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the accuracy or adequacy of this prospectus. Any representation to the contrary is a criminal offense.

The date of this prospectus is August 11, 2023.

You should read this prospectus and the documents that we have filed as exhibits to this prospectus and incorporated by reference herein completely and with the understanding that our actual future results may be materially different from the plans, intentions and expectations disclosed in the forward-looking statements we make. The forward-looking statements contained in this prospectus are made as of the date of this prospectus and we do not assume any obligation to update any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by applicable law.

PROSPECTUS SUMMARY

This summary highlights information contained elsewhere in this prospectus and does not contain all of the information that you should consider in making your investment decision. Before investing in our common stock, you should carefully read this entire prospectus, including our financial statements and the related notes that are incorporated by reference into this prospectus and the information set forth under the headings “Risk Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in each case included elsewhere in this prospectus. In this prospectus, unless the context otherwise requires, the terms “we,” “us,” “our,” “iBio” and the “Company” refer to iBio, Inc. Except as disclosed in the prospectus, the financial statements and selected historical financial data and other financial information included in, or incorporated by reference into, this prospectus are those of iBio, Inc.

Overview

We are an AI-driven innovator of precision antibody immunotherapies. We have a pipeline of innovative primarily immuno-oncology antibodies against hard-to-drug targets where we may face reduced competition and with antibodies that may be more selective. We plan to use our AI-driven discovery platform to continue adding antibodies against hard-to-drug targets or to work with partners on AI-driven drug development.

Therapeutics Pipeline

* Developed Using Our AI Discovery Engine

IBIO-101: an anti-CD25 molecule that works by depletion of immunosuppressive T-regulatory cells (“Tregs”) via antibody-dependent cellular cytotoxicity (“ADCC”), without disrupting activation of effector T-cells (“Teffs”) in the tumor microenvironment. IBIO-101 could potentially be used to treat solid tumors, hairy cell leukemia, relapsed multiple myeloma, lymphoma, or head and neck cancer. IBIO-101 is currently in the Investigational New Drug (“IND”) enabling stage. We have contracted with a contract research organization (“CRO”) to assist with the development of the manufacturing process, which includes but is not limited to process and cell line development for the production of the drug substance and drug product. IBIO-101 is strategically positioned as a fast follower to Hoffman-La Roche’s RG6292 molecule that recently released Phase 1 clinical data. While RG6292 showed signs of efficacy, especially in combination with PD-L1 monoclonal antibody, and was well tolerated, we anticipate additional clinical research will be needed to determine whether different cancer types are more efficacious than others. As a result, we have decided to pause the IND enabling studies until additional data is released on RG6292. This approach will allow us to gather more information, thoroughly evaluate the market potential and optimize our financial resources and the development plan for IBIO-101 to maximize its potential for success.

CCR8: targets depletion of highly immunosuppressive CCR8+ Tregs in the tumor microenvironment via an ADCC mechanism with selective binding to CCR8 over its closely related cousin, CCR4, to avoid off-target effects. A CCR8 program could potentially be broadly applicable in solid tumors and/or as a prospective combination therapy.

EGFRvIII: binds a tumor-specific mutation of EGFR variant III with an afucosylated antibody for high ADCC. Because of its specificity binding to the tumor-specific mutation, it could potentially reduce toxicity and/or expand the therapeutic window compared to simple broad EGFR-targeted alternatives. EGFRvIII is constantly “switched on” which can lead to the development of a range of different cancers. An EGFRvIII antibody could potentially be used to treat glioblastoma, head and neck cancer or non-small cell lung cancer.

CD3 antibody panel: provides a range of CD3 affinities with cross-reactivity to non-human primates and increased the humanness of the antibody sequences. The antibody panel is intended to serve as one arm of T-cell-redirecting bispecific antibodies, a new class of therapeutic antibodies designed to simultaneously bind to T-cells via CD3 and to tumor cells via tumor-specific antigens or tumor-associated antigens, inducing T-cell-mediated killing of tumor cells.

MUC16: a highly expressed target on ovarian cancer cells and an attractive tumor associated target for therapeutic antibodies. However, antibodies targeting MUC16 are prone to tumor resistance via epitope shedding and dysregulated glycosylation. Epitope-steered antibodies that bind to an epitope that avoids both of these tumor resistance mechanisms could potentially be used to treat MUC16 positive tumors, particularly those tumors that are resistant to other MUC16 antibodies.

PD-1 Agonist: selectively binds PD-1 to suppress auto-reactive T-cells without PD-L1/PD-L2 blocking. A PD-1 agonist could potentially be used to treat inflammatory bowel disease, systemic lupus erythematosus, multiple sclerosis or other inflammatory diseases.

In addition to the programs described above, the Company also has three additional early discovery programs that have the potential to advance into later stages of preclinical development and are designed to tackle hard-to-drug targets.

IBIO-100 and Endostatin E4

Our preclinical anti-fibrotic program, IBIO-100, has been undergoing a review process as part of our ongoing effort to prioritize our resources and focus on the most promising opportunities. The IBIO-100 program design is based upon work by Dr. Carol Feghali-Bostwick, Professor of Medicine at the Medical University of South Carolina and Vice-Chair of the Scleroderma Foundation. Her initial work was conducted at the University of Pittsburgh, and we have licensed the patents relevant for the continued development of the molecule from the university. After careful consideration, in February 2023, we terminated all efforts on IBIO-100 anti-fibrotic program and provided a six (6) month notice of termination of the license agreement to the University of Pittsburgh, as required by the license agreement. Pursuant to termination of the license agreement with the University of Pittsburgh, our financial obligations for the management of the patents under the license will cease on August 14, 2023, and at such time, will transition back to the University of Pittsburgh.

As part of this decision, we are intending to complete the pre-clinical cancer studies we are conducting in collaboration with University of Texas Southwestern using E4 endostatin peptide, which is derived from IBIO-100. After the pre-clinical studies are completed, we will re-assess whether to further pursue the oncology program and have further discussions with the University of Pittsburgh. This approach allows us to gather valuable data and insights that will inform our future decisions regarding the potential of E4 endostatin peptide as an oncology program.

AI Drug Discovery Platform

In September 2022, we purchased substantially all of the assets of RubrYc Therapeutics (for a complete description of the transaction please see Note 6 – Significant Transactions). The AI Drug Discovery platform technology is designed to be used to discover antibodies that bind to hard-to-target subdominant and conformational epitopes for further development within our existing portfolio or in partnership with outside entities. The RubrYc AI platform is built upon three key technologies.

- 1. Epitope Targeting Engine:** A proprietary machine-learning platform that combines computational biology and 3D-modeling to identify molecules that mimic hard-to-target binding sites on target proteins, specifically, subdominant and conformational epitopes. The creation of these small mimics enables the engineering of therapeutic antibody candidates that can selectively bind immune and cancer cells better than “trial and error” antibody engineering and screening methods that are traditionally focused on dominant epitopes.
- 2. RubrYcHuTM Library:** An AI-generated human antibody library free of significant sequence liabilities that provides a unique pool of antibodies to screen. The combination of the Epitope Targeting Engine and screening with the *RubrYcHu* Library has been shown to reduce the discovery time from ideation to *in vivo* proof-of-concept (PoC) by up to four months. This has the potential to enable more, and better, therapeutic candidates to reach the clinic faster.
- 3. StableHuTM Library:** An AI-powered sequence optimization library used to improve antibody performance. Once an antibody has been advanced to the lead optimization stage, *StableHu* allows precise and rapid optimization of the antibody binding regions to rapidly move a candidate molecule into the IND-enabling stage.

On January 3, 2023, the United States Patent and Trademark Office issued U.S. Patent No. 11,545,238, entitled “Machine Learning Method for Protein Modelling to Design Engineered Peptides,” which, among other claims, covers a machine learning model for engineering peptides, including antibody epitope therapeutics. Subject to any potential patent term extensions, the patent will expire on May 13, 2040.

The Lincoln Park Committed Equity Facility

On August 4, 2023, we entered into the Purchase Agreement with Lincoln Park, pursuant to which Lincoln Park has agreed to purchase from us up to an aggregate of \$10 million of our common stock (subject to certain limitations) from time to time over the term of the Purchase Agreement. Also on August 4, 2023, we entered into a registration rights agreement with Lincoln Park, which we refer to in this prospectus as the Registration Rights Agreement, pursuant to which we filed with the Securities and Exchange Commission, or the SEC, the registration statement that includes this prospectus to register for resale under the Securities Act of 1933, as amended, or the Securities Act, the shares of our common stock that have been or may be issued to Lincoln Park under the Purchase Agreement.

This prospectus covers the resale by the selling stockholder of up to 4,474,945 shares of our common stock, comprised of: (i) 211,473 shares of our common stock that we have committed to issue to Lincoln Park as consideration for its commitment to purchase our common stock at our direction under the Purchase Agreement, which we refer to in this prospectus as the Initial Commitment Shares, (ii) 211,474 shares of our common stock that we may issue to Lincoln Park as additional consideration for its commitment to purchase shares of our common stock at our direction under the Purchase Agreement, which we refer to in this prospectus as the Additional Commitment

Shares, at such time as we have received an aggregate of \$5,000,000 in cash proceeds from Lincoln Park from sales of shares to Lincoln Park, if any, that we elect to make from time to time after the date of this prospectus, in our sole discretion, pursuant to the Purchase Agreement, and (iii) up to 4,051,998 shares of our common stock that we have reserved for sale to Lincoln Park under the Purchase Agreement, which we refer to in this prospectus as the Purchase Shares, if and when we determine, in our sole discretion, to sell shares of our common stock to Lincoln Park, from time to time after the date of this prospectus and after satisfaction of other conditions in the Purchase Agreement.

We do not have the right to commence any sales of our common stock to Lincoln Park under the Purchase Agreement until all of the conditions set forth in the Purchase Agreement have been satisfied, including that the SEC has declared effective the registration statement that includes this prospectus registering under the Securities Act for resale by Lincoln Park the shares of our common stock that have been and may be issued and sold by us to Lincoln Park under the Purchase Agreement, which we refer to in this prospectus as the Commencement. From and after the Commencement, we may, from time to time and at our sole discretion for a period of 24-months, on any business day that we select on which the closing sale price of our common stock on the NYSE American equals or exceeds \$0.15 per share, direct Lincoln Park to purchase up to 100,000 shares of our common stock, which amount may be increased depending on the closing sale price of our common stock on the NYSE American at the time of sale, subject to a maximum commitment of \$500,000 per purchase, which we refer to in this prospectus as a "Regular Purchase." The foregoing price and share amounts will be adjusted for any reorganization, recapitalization, non-cash dividend, stock split, reverse stock split or other similar transaction occurring after the date of the Purchase Agreement with respect to our common stock in the manner set forth in the Purchase Agreement. The purchase price per share for each such Regular Purchase will be based on market prices of our common stock immediately preceding the time of sale, as determined under the Purchase Agreement.

If we direct Lincoln Park to purchase the maximum number of shares of common stock that we may sell to Lincoln Park in a Regular Purchase on a business day on which the closing price of the common stock is equal to or greater than \$0.20, then in addition to such Regular Purchase, and subject to certain conditions and limitations in the Purchase Agreement, we may direct Lincoln Park to purchase additional shares of common stock in "accelerated purchases" and "additional accelerated purchases," including multiple additional accelerated purchases on the same trading day, as provided in the Purchase Agreement. The purchase price per share for each accelerated purchase and additional accelerated purchase will be based on market prices of our common stock on the applicable purchase date for such accelerated purchases and such additional accelerated purchases. Lincoln Park has no right to require us to sell any common stock to Lincoln Park, but Lincoln Park is obligated to make purchases as we may direct, subject to conditions and limitations set forth in the Purchase Agreement.

3

Under applicable NYSE American rules, in no event may we issue or sell to Lincoln Park under the Purchase Agreement shares of our common stock (including the Initial Commitment Shares and Additional Commitment Shares) in excess of 4,474,945 shares, which number of shares equals 19.9% of the shares of our common stock outstanding immediately prior to the execution of the Purchase Agreement, which limitation we refer to the "Exchange Cap," unless we obtain stockholder approval to issue shares of our common stock in excess of the Exchange Cap. In any event, the Purchase Agreement specifically provides that we may not issue or sell any shares of our common stock under the Purchase Agreement if such issuance or sale would breach any applicable rules or regulations of the NYSE American.

In addition, the Purchase Agreement prohibits us from directing Lincoln Park to purchase any shares of our common stock if those shares, when aggregated with all other shares of our common stock then beneficially owned by Lincoln Park and its affiliates, would result in Lincoln Park having beneficial ownership of more than 4.99% of the outstanding shares of our common stock, as calculated pursuant to Section 13(d) of the Securities Exchange Act of 1934, as amended, or the Exchange Act, and Rule 13d-3 thereunder, which limitation we refer to as the "Beneficial Ownership Cap."

We may at any time in our sole discretion terminate the Purchase Agreement without fee, penalty or cost upon one business day's notice to Lincoln Park. There are no restrictions on future financings, rights of first refusal, participation rights, penalties or liquidated damages in the Purchase Agreement or Registration Rights Agreement, other than a prohibition on our entering into certain types of transactions that are defined in the Purchase Agreement as "Variable Rate Transactions." Lincoln Park may not assign or transfer its rights or obligations under the Purchase Agreement. Lincoln Park has agreed that neither it nor any of its affiliates shall engage in any direct or indirect short-selling or hedging of our common stock during any time prior to the termination of the Purchase Agreement.

As of August 4, 2023, there were 22,612,126 shares of our common stock outstanding, of which 22,502,390 shares of our common stock were held by non-affiliates, including the 211,473 Initial Commitment Shares that we have committed to issue to Lincoln Park on August 4, 2023. Although the Purchase Agreement provides that we may sell up to an aggregate of \$10 million of our common stock to Lincoln Park, only 4,474,945 shares of our common stock, which number of shares is equal to the Exchange Cap, are being registered for resale by Lincoln Park under the registration statement that includes this prospectus, which includes (i) the 211,473 Initial Commitment Shares (ii) the 211,474 Additional Commitment Shares, and (iii) up to 4,051,998 Purchase Shares that we have reserved for sale to Lincoln Park under the Purchase Agreement, if and when we elect to sell Purchase Shares to Lincoln Park under the Purchase Agreement, from time to time after the Commencement. Depending on the market prices of our common stock at the time we elect to sell shares of our common stock to Lincoln Park under the Purchase Agreement, if any, we may need to register for resale under the Securities Act additional shares of our common stock in order to receive aggregate gross proceeds equal to the \$10 million total purchase commitment available to us under the Purchase Agreement. If all of the 211,473 Initial Commitment Shares and all 211,474 Additional Commitment Shares and all of the 4,051,998 Purchase Shares that may we may issue and sell to Lincoln Park in the future under the Purchase Agreement that are being registered for resale hereunder were issued and outstanding as of August 4, 2023, such shares of our common stock, would represent approximately 19.99% of the total number of shares of our common stock outstanding and approximately 20.09% of the total number of outstanding shares of our common stock held by non-affiliates, in each case as of August 4, 2023 prior to the issuance of the Initial Commitment Shares and the Additional Commitment Shares. If we elect to issue and sell to Lincoln Park under the Purchase Agreement more than the 4,474,945 shares of our common stock being registered for resale by Lincoln Park under this prospectus, which we have the right, but not the obligation, to do, we must first obtain stockholder approval to issue shares of our common stock in excess of the Exchange Cap and also register for resale under the Securities Act any such additional shares of our common stock, which could cause additional substantial dilution to our stockholders. The number of shares of our common stock ultimately offered for resale by Lincoln Park is dependent upon the number of shares of our common stock we ultimately decide to sell to Lincoln Park under the Purchase Agreement.

Issuances of our common stock to Lincoln Park under the Purchase Agreement will not affect the rights or privileges of our existing stockholders, except that the economic and voting interests of each of our existing stockholders will be diluted as a result of any such issuance. Although the number of shares of our common stock that our existing stockholders own will not decrease, the shares of our common stock owned by our existing stockholders will represent a smaller percentage of our total outstanding shares of our common stock after any such issuance of shares of our common stock to Lincoln Park under the Purchase Agreement.

Risks Associated with this Offering

Our business and our ability to implement our business strategy are subject to numerous risks, as more fully described in the section of this prospectus entitled "Risk Factors" and under similarly titled headings of the documents incorporated herein by reference. You should read these risks before you invest in our common stock. We may be unable, for many reasons, including those that are beyond our control, to implement our business strategy. In particular, risks associated with our business and this offering include:

- It is not possible to predict the actual number of shares we will sell under the Purchase Agreement to the Selling Stockholder, or the actual gross proceeds resulting from those sales.

- Investors who buy shares in this offering at different times will likely pay different prices.
- The issuance of common stock to the Selling Stockholder may cause substantial dilution to our existing stockholders and the sale of such shares acquired by the Selling Stockholder could cause the price of our common stock to decline.
- Our need for future financing may result in the issuance of additional securities, which will cause investors to experience dilution.
- We have additional securities available for issuance, which, if issued, could adversely affect the rights of the holders of our common stock.
- Future sales of our common stock could cause the market price for our common stock to decline.
- Because we will not declare cash dividends on our common stock in the foreseeable future, stockholders must rely on appreciation of the value of our common stock for any return on their investment.
- Our management will have broad discretion over the use of the net proceeds from our sale of the Shares to Lincoln Capital, you may not agree with how we use the proceeds and the proceeds may not be invested successfully.

RISK FACTORS

Investing in our securities involves a high degree of risk. Prior to making a decision about investing in our securities, you should carefully consider the specific risk factors discussed in the sections entitled “Risk Factors” contained in our Annual Report on Form 10-K for the fiscal year ended June 30, 2022 under the heading “Item 1A. Risk

Factors,” and as described or may be described in any subsequent quarterly report on Form 10-Q under the heading “Item 1A. Risk Factors,” as well as in any applicable prospectus supplement or post-effective amendment and contained or to be contained in our filings with the SEC and incorporated by reference in this prospectus, together with all of the other information contained in this prospectus, or any applicable prospectus supplement or post-effective amendment. For a description of these reports and documents, and information about where you can find them, see “Where You Can Find Additional Information” and “Incorporation of Certain Information by Reference.” If any of the risks or uncertainties described in our SEC filings or any prospectus supplement or any additional risks and uncertainties actually occur, our business, financial condition and results of operations could be materially and adversely affected. In that case, the trading price of our securities could decline and you might lose all or part of the value of your investment.

Risks Related to This Offering

The sale or issuance of our common stock to Lincoln Park may cause dilution and the sale of the shares of common stock by Lincoln Park that it acquires pursuant to the Purchase Agreement, or the perception that such sales may occur, could cause the price of our common stock to decrease.

On August 4, 2023, we entered into the Purchase Agreement with Lincoln Park, pursuant to which Lincoln Park has committed to purchase up to \$10.0 million of our common stock. The Purchase Agreement, requires that we issue 211,473 Commitment Shares to Lincoln Park as a fee for its commitment to purchase shares of our common stock under the Purchase Agreement and we agreed to issue the 211,474 Additional Commitment Shares concurrent with Lincoln Park’s purchase of Shares having aggregate gross purchase price of \$5.0 million pursuant to all Regular Purchases, Accelerated Purchases and Additional Accelerated Purchases (each as defined in the Purchase Agreement). The remaining shares of our common stock that may be issued under the Purchase Agreement may be sold by us to Lincoln Park at our sole discretion from time to time over a 24-month period commencing after the satisfaction of certain conditions set forth in the Purchase Agreement. The purchase price for the shares that we may sell to Lincoln Park under the Purchase Agreement will fluctuate based on the trading price of our common stock. Depending on market liquidity at the time, sales of such shares may cause the trading price of our common stock to decrease. We generally have the right to control the timing and amount of any future sales of our shares to Lincoln Park. Additional sales of our common stock, if any, to Lincoln Park will depend upon market conditions and other factors to be determined by us. We may ultimately decide to sell to Lincoln Park all, some or none of the additional shares of our common stock that may be available for us to sell pursuant to the Purchase Agreement. If and when we do sell shares to Lincoln Park, after Lincoln Park has acquired the shares, Lincoln Park may resell all, some or none of those shares at any time or from time to time in its discretion. Therefore, sales to Lincoln Park by us could result in substantial dilution to the interests of other holders of our common stock. Additionally, the sale of a substantial number of shares of our common stock to Lincoln Park, or the anticipation of such sales, could make it more difficult for us to sell equity or equity-related securities in the future at a time and at a price that we might otherwise wish to effect sales.

Our management team may invest or spend the proceeds it receives from Lincoln Park in ways with which you may not agree or in ways which may not yield a significant return.

Our management will have broad discretion over the use of proceeds it receives from Lincoln Park. We intend to use the net proceeds, if any, from this offering for general corporate purposes, which may include, among other things, working capital, repayment of outstanding debt and funding research and development, and capital expenditures including clinical program progression. Our management will have considerable discretion in the application of the net proceeds, and you will not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately. The net proceeds may be used for corporate purposes that do not increase our operating results or enhance the value of our common stock.

The terms of the Purchase Agreement limit the amount of share of common stock we may issue to Lincoln Park, which may limit our ability to utilize the arrangement to enhance our cash resources.

The Purchase Agreement includes restrictions on our ability to sell shares of our common stock to Lincoln Park, including, subject to specified limitations, (i) if a sale would cause us to issue, in the aggregate, a number shares greater 19.99% of our outstanding common stock immediately prior to the execution of the Purchase Agreement (the “Exchange Cap”), or (ii) if a sale would cause Lincoln Park and its affiliates to beneficially own more than 4.99% of our issued and outstanding common stock (the “Beneficial Ownership Cap”). Accordingly, we cannot guarantee that we will be able to sell all \$10.0 million of shares of common stock in this offering. If we cannot sell the full amount of the shares that Lincoln Park has committed to purchase because of these limitations, we may be required to utilize more costly and time-consuming means of accessing the capital markets, which could materially adversely affect our liquidity and cash position.

It is not possible to predict the actual number of shares of our common stock that we will sell under the Purchase Agreement to the Selling Stockholder, or the actual gross proceeds resulting from those sales.

Subject to certain limitations in the Purchase Agreement and compliance with applicable law, we have the discretion to deliver notices to Lincoln Park at any time throughout the term of the Purchase Agreement. The actual number of Shares that are sold to Lincoln Park may depend based on a number of factors, including the market price of the common stock during the sales period. Actual gross proceeds may be less than \$10.0 million, which may impact our future liquidity. Because the price per share of each share sold to the Selling Stockholder will fluctuate during the sales period, it is not currently possible to predict the number of shares that will be sold or the actual gross proceeds to be raised in connection with those sales.

Investors who buy shares at different times will likely pay different prices.

Investors who purchase Shares in this offering at different times will likely pay different prices, and so may experience different levels of dilution and different outcomes in their investment results. In connection with the Lincoln Capital Transaction, we will have discretion, subject to market demand, to vary the timing, prices, and numbers of Shares sold to Lincoln Capital. Similarly, Lincoln Capital may sell such Shares at different times and at different prices. Investors may experience a decline in the value of the Shares they purchase from the Selling Stockholder in this offering as a result of sales made by us in future transactions to Lincoln Capital at prices lower than the prices they paid.

The issuance of shares of common stock to Lincoln Park may cause substantial dilution to our existing stockholders and the sale of such shares acquired by Lincoln Park could cause the price of our common stock to decline.

We are registering for resale by Lincoln Park up to 4,474,945 shares of common stock, consisting of 211,473 Initial Commitment Shares, 211,474 Additional Commitment Shares, and an additional 4,051,998 shares of common stock that we may issue and sell to Lincoln Park under the Purchase Agreement from time-to-time following Commencement. The number of shares of our common stock ultimately offered for resale by the Lincoln Park under this prospectus is dependent upon the number of shares of common stock issued to the Lincoln Park pursuant to the Purchase Agreement. Depending on a variety of factors, including market liquidity of our common stock, the issuance of Shares to Lincoln Park may cause the trading price of our common stock to decline.

Lincoln Park is irrevocably bound to purchase up to 4,051,998 shares of our common stock being registered for resale hereby provided that the conditions set forth in the Purchase Agreement are met within the limitation set forth in the Purchase Agreement and, following receipt by Lincoln Park of shares of our common stock issued to Lincoln Park under the Purchase Agreement, Lincoln Park may sell all, some or none of such Shares. The sale of a substantial number of shares of our common stock by Lincoln Park in this offering, or anticipation of such sales, could cause the trading price of our common stock to decline or make it more difficult for us to sell equity or equity-related securities in the future at a time and at a price that we might otherwise desire.

Our need for future financing may result in the issuance of additional securities, which will cause investors to experience dilution.

Our cash requirements may vary from those now planned, depending upon numerous factors, including the results of future research and development activities. We expect our expenses to increase if and when we initiate and conduct additional clinical trials, and seek marketing approval for our product candidates. In addition, if we obtain marketing approval for any of our product candidates, we expect to incur significant commercialization expenses related to product sales, marketing, manufacturing and distribution. Accordingly, we will need to obtain substantial additional funding in connection with our continuing operations. There are no other commitments by any person for future financing. Our securities may be offered to other investors at a price lower than the price per share offered to current stockholders, or upon terms which may be deemed more favorable than those offered to current stockholders. In addition, the issuance of securities in any future financing may dilute an investor's equity ownership and have the effect of depressing the market price for our securities. Moreover, we may issue derivative securities, including options and/or warrants, from time to time, to procure qualified personnel or for other business reasons. The issuance of any such derivative securities, which is at the discretion of our board of directors, may further dilute the equity ownership of our stockholders.

Because we will not declare cash dividends on our common stock in the foreseeable future, stockholders must rely on appreciation of the value of our common stock for any return on their investment.

We have never declared or paid cash dividends on our common stock. We currently anticipate that we will retain any future earnings from the development, operation and expansion of our business and will not declare or pay any cash dividends in the foreseeable future. As a result, only appreciation of the price of our common stock, if any, will provide a return to investors in this offering. See "Dividend Policy."

USE OF PROCEEDS

We will not receive any proceeds from the sale of shares of common stock by Lincoln Park in this offering. We may receive up to \$10.0 million in gross proceeds that we may sell to Lincoln Park pursuant to the Purchase Agreement from time to time after the date that the registration statement of which this prospectus is a part is declared effective. We estimate that the net proceeds to us from the sale of our common stock to Lincoln Park pursuant to the Purchase Agreement will be up to \$9,750,000 million for a period of approximately 24-month, assuming that we sell the full amount of our common stock that we have the right, but not the obligation, to sell to Lincoln Park under the Purchase Agreement, and after other estimated fees and expenses. We may sell fewer than all of the shares offered by this prospectus, in which case our net offering proceeds will be less. Because we are not obligated to sell any shares of our common stock under the Purchase Agreement the actual total offering amount and proceeds to us, if any, are not determinable at this time. See "Plan of Distribution" elsewhere in this prospectus for more information.

We intend to use the net proceeds from sales of Shares to Lincoln Park for repayment or debt and general corporate purposes, which may include, among other things, increasing our working capital and funding research and development and capital expenditures, including clinical program progression.

The amounts and timing of our actual expenditures will depend on numerous factors, including the factors described under "Risk Factors" in this prospectus and in the documents incorporated by reference herein, as well as the amount of cash used in our operations. We may find it necessary or advisable to use the net proceeds for other purposes, and we will have broad discretion in the application of the net proceeds. Pending the uses described above, we plan to invest the net proceeds from this offering in short-and intermediate-term, interest-bearing obligations, investment-grade instruments, certificates of deposit or direct or guaranteed obligations of the U.S. government.

9

DIVIDEND POLICY

We have never declared or paid any cash dividends on our common stock and we do not currently intend to pay any cash dividends on our common stock in the foreseeable future. We expect to retain all available funds and future earnings, if any, to fund the development and growth of our business. Any future determination to pay dividends, if any, on our common stock will be at the discretion of our board of directors and will depend on, among other factors, the terms of any outstanding preferred stock, our results of operations, financial condition, capital requirements and contractual restrictions.

THE LINCOLN PARK COMMITTED EQUITY FACILITY

General

On August 4, 2023, we entered into the Purchase Agreement with Lincoln Park, pursuant to which Lincoln Park has agreed to purchase from us up to an aggregate of \$10.0 million of our shares of common stock (subject to certain limitations) from time to time over the term of the Purchase Agreement. In addition, on August 4, 2023, we entered into a Registration Rights Agreement (the "Registration Rights Agreement"), pursuant to which we have filed with the SEC the registration statement that includes this prospectus to register for resale under the Securities Act the shares of our common stock that have been or may be issued to Lincoln Park under the Purchase Agreement.

This prospectus covers the resale by the Lincoln Park of 4,474,945 shares of our common stock, comprised of: (i) 211,473 shares that we have committed to issue to Lincoln Park as the Initial Commitment Shares for making the commitment under the Purchase Agreement, (ii) an additional 211,474 shares that we may be required to issue to Lincoln Park in the future as additional commitment shares (the "Additional Commitment Shares") and (iii) an additional 4,051,998 shares we may sell to Lincoln Park under the Purchase Agreement from time to time. All sales are at our sole discretion.

Other than the 211,473 Initial Commitment Shares that we have committed to issue to Lincoln Park pursuant to the terms of the Purchase Agreement as consideration for its commitment to purchase shares of our common stock under the Purchase Agreement, we do not have the right to commence any sales of our common stock to Lincoln Park under the Purchase Agreement until all of the conditions set forth in the Purchase Agreement have been satisfied, including that the SEC has declared effective the registration statement that includes this prospectus registering the Shares that will be issued and sold to Lincoln Park (the "Commencement Date"). From and after the Commencement Date, we may, from time to time and at our sole discretion for a period of 24-months, on any business day that we select on which the closing price of our common stock equals or exceeds \$0.15 (subject to adjustment for any reorganization, recapitalization, non-cash dividend, stock split, reverse stock split or other similar transaction as provided in the Purchase Agreement), direct Lincoln Park to purchase up to 100,000 shares of common stock, which maximum share amount may be increased up to 200,000 shares depending on the market price of our common stock at the time of sale ("Regular Purchases") and subject to a maximum commitment by Lincoln Park of \$500,000 per single Regular Purchase. In addition, at our discretion, Lincoln Park has committed to purchase other "accelerated amounts" in an Accelerated Purchase (as defined below) and/or "additional

accelerated amounts” in an Additional Accelerated Purchase (as defined below) under certain circumstances. We will control the timing and amount of any sales of our common stock to Lincoln Park. The purchase price of the Shares that may be sold to Lincoln Park in Regular Purchases under the Purchase Agreement will be based on the market price of our common stock at or immediately prior to the time of sale as computed under the Purchase Agreement. The purchase price per share will be equitably adjusted for any reorganization, recapitalization, non-cash dividend, stock split, or other similar transaction as set forth in the Purchase Agreement. We may at any time in our sole discretion terminate the Purchase Agreement without fee, penalty or cost upon one business day notice. There are no restrictions on future financings, rights of first refusal, participation rights, penalties or liquidated damages in the Purchase Agreement or Registration Rights Agreement, other than a prohibition on our entering into certain types of transactions that are defined in the Purchase Agreement as “Variable Rate Transactions.” Lincoln Park may not assign or transfer its rights and obligations under the Purchase Agreement.

As of August 4, 2023, there were 22,612,126 shares of our common stock outstanding, including the 211,473 shares that we have committed to issue to Lincoln Park under the Purchase Agreement. Although the Purchase Agreement provides that we may sell up to an aggregate of \$10.0 million of our common stock to Lincoln Park, only 4,474,945 shares of our common stock are being offered under this prospectus to Lincoln Park, which represents the 211,473 Initial Commitment Shares that we have committed to issue to Lincoln Park under the Purchase Agreement, the 211,474 Additional Commitment Shares that we will be required to issue to Lincoln Park as commitment shares concurrent with Lincoln Park’s purchase of Shares having aggregate gross purchase price of \$5.0 million pursuant to all Regular Purchases, Accelerated Purchases and Additional Accelerated Purchases and 4,051,998 additional shares which may be issued to Lincoln Park in the future under the Purchase Agreement, if and when we sell shares to Lincoln Park under the Purchase Agreement. Depending on the market prices of our common stock at the time we elect to issue and sell shares to Lincoln Park under the Purchase Agreement, we may need to register for resale under the Securities Act additional shares of our common stock in order to receive aggregate gross proceeds equal to the \$10.0 million total commitment available to us under the Purchase Agreement. If all of the Shares offered by Lincoln Park under this prospectus were issued and outstanding as of the date hereof, such Shares would represent approximately 19.99% of the total number of shares of our common stock outstanding as of the date hereof. If we elect to issue and sell more than the 4,051,998 Shares offered under this prospectus to Lincoln Park, which we have the right, but not the obligation, to do, we must first register for resale under the Securities Act any such additional shares, which could cause additional substantial dilution to our stockholders. The number of shares ultimately offered for resale by Lincoln Park is dependent upon the number of shares we sell to Lincoln Park under the Purchase Agreement.

Under applicable NYSE American rules, in no event may we issue or sell to Lincoln Park under the Purchase Agreement shares of our common stock in excess of the Exchange Cap of 4,474,945 shares (including the Commitment Shares), which represents 19.99% of the shares of our common stock outstanding immediately prior to the execution of the Purchase Agreement, unless we obtain stockholder approval to issue shares of our common stock in excess of the Exchange Cap. In any event, the Purchase Agreement specifically provides that we may not issue or sell any shares of our common stock under the Purchase Agreement if such issuance or sale would breach any applicable rules or regulations of the NYSE American.

The Purchase Agreement also prohibits us from directing Lincoln Park to purchase any shares of common stock if those shares, when aggregated with all other shares of our common stock then beneficially owned by Lincoln Park and its affiliates, would result in Lincoln Park and its affiliates having beneficial ownership, at any single point in time, of more than 4.99% of the then total outstanding shares of our common stock, as calculated pursuant to Section 13(d) of the Securities Exchange Act of 1934, as amended, or the Exchange Act, and Rule 13d-3 thereunder, which limitation we refer to as the Beneficial Ownership Cap.

Issuances of our common stock in this offering will not affect the rights or privileges of our existing stockholders, except that the economic and voting interests of each of our existing stockholders will be diluted as a result of any such issuance. Although the number of shares of common stock that our existing stockholders own will not decrease, the shares owned by our existing stockholders will represent a smaller percentage of our total outstanding shares after any such issuance to Lincoln Park.

Purchase of Shares Under the Purchase Agreement

Under the Purchase Agreement, beginning on the Commencement Date, on any business day that we select on which the closing price of our common stock equals or exceeds \$0.15 (subject to adjustment for any reorganization, recapitalization, non-cash dividend, stock split, reverse stock split or other similar transaction as provided in the Purchase Agreement), we may direct Lincoln Park to purchase up to 100,000 shares of our common stock in a Regular Purchase on such business day, provided, however, that (i) the Regular Purchase may be increased to up to 150,000 shares, provided that the closing sale price of our common stock is not below \$1.00 on the purchase date and (ii) the Regular Purchase may be increased to up to 200,000 shares, provided that the closing sale price of our common stock is not below \$2.00 on the purchase date (such share amount limitation, the “Regular Purchase Share Limit”). In each case, Lincoln Park’s maximum commitment in any single Regular Purchase may not exceed \$500,000.

The purchase price per share for each such Regular Purchase will be equal to the lower of:

- the lowest sale price for our common stock on the purchase date of such shares; and
- the arithmetic average of the three lowest closing sale prices for our common stock during the 10 consecutive business days ending on the business day immediately preceding the purchase date of such shares.

In addition to Regular Purchases described above, we may also direct Lincoln Park, on any business day on which we have properly submitted a Regular Purchase notice directing Lincoln Park to purchase the maximum number of shares of our common stock that we are then permitted on a business day on which the closing price of the common stock is equal to or greater than \$0.20 to include in a single Regular Purchase notice, to purchase on the next following business day an additional amount of our common stock (an “Accelerated Purchase”), not to exceed the lesser of:

- 30% of the aggregate shares of our common stock traded during all or, if certain trading volume or market price thresholds specified in the Purchase Agreement are crossed on the applicable Accelerated Purchase date, which is defined as the next business day following the purchase date for the corresponding Regular Purchase, the portion of the normal trading hours on the applicable Accelerated Purchase date prior to such time that any one of such thresholds is crossed, which period of time on the applicable Accelerated Purchase date we refer to as the Accelerated Purchase Measurement Period; and
- three times the number of purchase shares purchased pursuant to the corresponding Regular Purchase.

The purchase price per share for each such Accelerated Purchase will be equal to 97% of the lower of:

- the volume weighted average price of our common stock during the applicable Accelerated Purchase Measurement Period on the applicable Accelerated Purchase date; and
- the closing sale price of our common stock on the applicable Accelerated Purchase Date.

We may also direct Lincoln Park, not later than 1:00 p.m., Eastern Time, on a business day on which an Accelerated Purchase has been completed and all of the shares to be purchased thereunder (and under the corresponding Regular Purchase) have been properly delivered to Lincoln Park in accordance with the Purchase Agreement prior to such time on such business day, to purchase an additional amount of our common stock on the same business day, which we refer to as an Additional Accelerated Purchase, of up to the lesser of:

- 30% of the aggregate shares of our common stock traded during a certain portion of the normal trading hours on such Accelerated Purchase date as determined in accordance with the Purchase Agreement, which period of time we refer to as the Additional Accelerated Purchase Measurement Period; and

- three times the number of purchase shares purchased pursuant to the Regular Purchase corresponding to the Accelerated Purchase that was completed on such Accelerated Purchase date on which an Additional Accelerated Purchase notice was properly received.

We may, in our sole discretion, submit multiple Additional Accelerated Purchase notices to Lincoln Park prior to 1:00 p.m., Eastern time, on a single Accelerated Purchase date, provided that all prior Accelerated Purchases and Additional Accelerated Purchases (including those that have occurred earlier on the same day) have been completed and all of the shares to be purchased thereunder (and under the corresponding Regular Purchase) have been properly delivered to Lincoln Park in accordance with the Purchase Agreement.

The purchase price per share for each such Additional Accelerated Purchase will be equal to 97 % or the lower of:

- the volume weighted average price of our common stock during the applicable Additional Accelerated Purchase Measurement Period for such Additional Accelerated Purchase on the applicable Additional Accelerated Purchase date; and
- the closing sale price of our common stock on the applicable Additional Accelerated Purchase date.

In the case of the Initial Purchase, Regular Purchases, Accelerated Purchases and Additional Accelerated Purchases, the purchase price per share will be equitably adjusted for any reorganization, recapitalization, non-cash dividend, stock split, reverse stock split or other similar transaction occurring during the business days used to compute the purchase price.

Other than as described above, there are no trading volume requirements or restrictions under the Purchase Agreement, and we will control the timing and amount of any sales of our common stock to Lincoln Park.

Suspension Events

A suspension event under the Purchase Agreement includes the following:

- the effectiveness of the registration statement of which this prospectus forms a part lapses for any reason (including, without limitation, the issuance of a stop order), or any required prospectus supplement and accompanying prospectus are unavailable for the resale by Lincoln Park of our common stock offered hereby, and such lapse or unavailability continues for a period of 10 consecutive business days or for more than an aggregate of 30 business days in any 365-day period;
- suspension by our principal market of our common stock from trading for a period of one business day;
- the delisting of the common stock from the NYSE American (or nationally recognized successor thereto), provided, however, that the common stock is not immediately thereafter trading on the New York Stock Exchange, The NYSE American Global Market, The NYSE American Global Select Market, the NYSE American, the NYSE Arca, the OTC Bulletin Board or OTC Markets (or nationally recognized successor to any of the foregoing);
- the failure of our transfer agent to issue to Lincoln Park shares of our common stock within two business days after the applicable date on which Lincoln Park is entitled to receive such shares;
- any breach of the representations or warranties or covenants contained in the Purchase Agreement or Registration Rights Agreement that has or could have a material adverse effect on us and, in the case of a breach of a covenant that is reasonably curable, that is not cured within five business days;
- any person commences a proceeding against us pursuant to or within the meaning of Title 11, U.S. Code, or any similar federal or state law for the relief of debtors (“Bankruptcy Law”);
- a court of competent jurisdiction enters an order or decree under any Bankruptcy Law that (i) is for relief against us in an involuntary case, (ii) appoints a Custodian for us or for all or substantially all of our property, or (iii) orders the liquidation of us or our subsidiaries;
- if at any time we are not eligible to transfer our common stock electronically as DWAC shares; or
- if at any time after the Commencement Date, the Exchange Cap is reached (to the extent such Exchange Cap is applicable), and stockholder approval has not been obtained in accordance with the applicable rules of the NYSE American.

Lincoln Park does not have the right to terminate the Purchase Agreement upon any of the suspension events set forth above. During a suspension event, all of which are outside of Lincoln Park’s control, we may not direct Lincoln Park to purchase any shares of our common stock under the Purchase Agreement.

Our Termination Rights

We have the unconditional right, at any time, for any reason and without any payment or liability to us, to give notice to Lincoln Park to terminate the Purchase Agreement. In the event of bankruptcy proceedings by or against us, the Purchase Agreement will automatically terminate without action of any party.

No Short-Selling or Hedging by Lincoln Park

Lincoln Park has agreed that neither it nor any of its affiliates shall engage in any direct or indirect short-selling or hedging of our common stock during any time prior to the termination of the Purchase Agreement.

Prohibitions on Variable Rate Transactions

There are no restrictions on future financings, rights of first refusal, participation rights, penalties or liquidated damages in the Purchase Agreement or Registration Rights Agreement other than a prohibition on entering into a “Variable Rate Transaction,” as defined in the Purchase Agreement.

Effect of Performance of the Purchase Agreement on Our Stockholders

All 4,474,945 shares registered in this offering which have been or may be issued or sold by us to Lincoln Park under the Purchase Agreement are expected to be freely tradable. It is anticipated that shares registered in this offering will be sold over a period of up to 24-months commencing on the Commencement Date. The sale by Lincoln Park of a significant amount of shares registered in this offering at any given time could cause the market price of our common stock to decline and to be highly volatile. Sales of our common stock to Lincoln Park, if any, will depend upon market conditions and other factors to be determined by us. We may ultimately decide to sell to Lincoln Park all, some or none of the additional shares of our common stock that may be available for us to sell pursuant to the Purchase Agreement. If and when we do sell shares to Lincoln Park, after Lincoln Park has acquired the shares, Lincoln Park may resell all, some or none of those shares at any time or from time to time in its discretion. Therefore, sales to Lincoln Park by us under the Purchase Agreement may result in substantial dilution to the interests of other holders of our common stock. In addition, if we sell a substantial number of shares to Lincoln Park under the Purchase Agreement, or if investors expect that we will do so, the actual sales of shares or the mere existence of our arrangement with Lincoln Park may make it more difficult for us to sell equity or equity-related securities in the future at a time and at a price that we might otherwise wish to effect such sales. However, we have the right to control the timing and amount of any additional sales of our shares to Lincoln Park and the Purchase Agreement may be terminated by us at any time at our discretion without any cost to us.

Pursuant to the terms of the Purchase Agreement, we have the right, but not the obligation, to direct Lincoln Park to purchase up to \$10.0 million of our common stock. Depending on the price per share at which we sell our common stock to Lincoln Park pursuant to the Purchase Agreement, we may need to sell to Lincoln Park under the Purchase Agreement more shares of our common stock than are offered under this prospectus in order to receive aggregate gross proceeds equal to the \$10.0 million total commitment available to us under the Purchase Agreement. If we choose to do so, we must first register for resale under the Securities Act such additional shares of our common stock, which could cause additional substantial dilution to our stockholders. The number of shares ultimately offered for resale by Lincoln Park under this prospectus is dependent upon the number of shares we direct Lincoln Park to purchase under the Purchase Agreement.

On August 4, 2023, our board of directors approved the issuance of 211,473 Initial Commitment Shares of our common stock under the Purchase Agreement, and approved the reservation of up to an additional 211,474 Additional Commitment Shares, and 4,051,998 Shares for the future issuance of up to \$10.0 million worth of shares of our common stock under the Purchase Agreement. We would seek additional board of director approval before agreeing to any increase in the value of the shares of common stock we may issue to Lincoln Park under the Purchase Agreement and any such increase would require us and Lincoln Park to enter into a new purchase agreement.

14

The following table sets forth the amount of gross proceeds we would receive from Lincoln Park from our sale of up to 4,051,998 shares of our common stock (which excludes the 211,473 Initial Commitment Shares and 211,474 Additional Commitment Shares that we issued to Lincoln Park on August 4, 2023, for which we will receive no cash proceeds) that we are registering hereby that we may issue and sell to Lincoln Park in the future under the Purchase Agreement at varying purchase prices from and after the Commencement Date:

Assumed Average Purchase Price Per Share	Number of Shares to be Issued if Full Purchase(1)	Percentage of Outstanding Shares of Common Stock After Giving Effect to the Sales to Lincoln Park(2)	Gross Proceeds from the Future Sale of Shares to Lincoln Park Under the Purchase Agreement(1)
\$ 0.50(3)	4,051,998	15.3%	\$ 2,025,999
\$ 0.60	4,051,998	15.3%	\$ 2,431,199
\$ 0.70	4,051,998	15.3%	\$ 2,836,398
\$ 0.80	4,051,998	15.3%	\$ 3,241,598
\$ 0.90	4,051,998	15.3%	\$ 3,646,798
\$ 1.00	4,051,998	15.3%	\$ 4,051,998

- (1) Although the Purchase Agreement provides that we may sell up to \$10.0 million of our common stock to Lincoln Park, we are only registering 4,474,945 shares of our common stock for resale under the registration statement of which this prospectus forms a part, including the 211,473 Initial Commitment Shares and 211,474 Additional Commitment Shares that we may issue in consideration of Lincoln Park's commitment to purchase shares of our common stock at our direction under the Purchase Agreement, for which we will receive no cash proceeds. Therefore, only 4,051,998 of such shares represent shares that we may issue and sell to Lincoln Park for cash consideration in purchases under the Purchase Agreement from time to time, at our sole discretion, during the 24-month period commencing on the Commencement Date, which may or may not cover all the shares of our common stock we ultimately sell to Lincoln Park under the Purchase Agreement, if any, depending on the purchase price per share. We have included in this column only the 4,051,998 shares that we may issue and sell to Lincoln Park for cash consideration in purchases under the Purchase Agreement that are being registered for resale in the offering made by this prospectus (excluding the 211,473 Initial Commitment Shares and 211,474 Additional Commitment Shares), giving effect to the Exchange Cap but without regard for the Beneficial Ownership Cap.
- (2) The denominator is based on 22,612,126 shares of our common stock outstanding as of August 4, 2023 (which includes the 211,473 Initial Commitment Shares we committed to issue to Lincoln Park following our execution of the Purchase Agreement), adjusted to include the number of shares of our common stock set forth in the adjacent column. The numerator is based on the number of shares of our common stock set forth in the adjacent column.
- (3) The estimated closing sale price per share of our common stock on August 2, 2023. The actual closing sale price on such date was \$0.497.

SELLING STOCKHOLDER

This prospectus relates to the possible resale by the Selling Stockholder, Lincoln Park, of up to 4,474,945 shares of our common stock, consisting of: (i) 211,473 Initial Commitment Shares, (ii) 211,474 Additional Commitment Shares, and an additional (iii) 4,051,998 shares of common stock that we may issue and sell to Lincoln Park under the Purchase Agreement from time to time from and after the Commencement Date, if and when we determine to sell shares of our common stock to Lincoln Park under the Purchase Agreement.

We are filing the registration statement of which this prospectus forms a part pursuant to the provisions of the Registration Rights Agreement, which we entered into with Lincoln Park on August 4, 2023 concurrently with our execution of the Purchase Agreement, in which we agreed to provide certain registration rights with respect to resales by Lincoln Park of the shares of our common stock that have been or may be issued to Lincoln Park under the Purchase Agreement. The Selling Stockholder may sell some, all or none of the shares of common stock included in this prospectus. We do not know how long the Selling Stockholder will hold the shares of our common stock before selling them, and we currently have no agreements, arrangements or understandings with the Selling Stockholder regarding the sale of any of the shares of common stock. See "Plan of Distribution".

The table below sets forth, to our knowledge, information concerning the beneficial ownership of shares of our common stock by the Selling Stockholder as of August 4, 2023. The percentages of shares owned before and after the offering are based on 22,612,126 shares of common stock outstanding as of August 4, 2023, which includes the 211,473

Initial Commitment Shares that we will issue to Lincoln Park following our execution of the Purchase Agreement on August 4, 2023. The information in the table below with respect to the Selling Stockholder has been obtained from the Selling Stockholder.

Beneficial ownership is determined in accordance with the rules of the SEC and includes voting or investment power with respect to shares. The inclusion of any shares in this table does not constitute an admission of beneficial ownership for the person named below.

Name of Selling Stockholder	Number of Shares of Common Stock Owned Prior to Offering(2)		Maximum Number of Shares of Common Stock to be Offered Pursuant to this Prospectus(3)	Number of Shares of Common Stock Owned After Offering(4)	
	Number	Percent		Number	Percent
	Lincoln Park Capital Fund, LLC(1)	211,473	1%	4,051,998	0

- (1) Josh Scheinfeld and Jonathan Cope, the Managing Members of Lincoln Park Capital, LLC, the manager of Lincoln Park Capital Fund, LLC, are deemed to be beneficial owners of all of the shares of common stock owned by Lincoln Park Capital Fund, LLC. Messrs. Cope and Scheinfeld have shared voting and investment power over the shares being offered under this prospectus filed with the SEC in connection with the transactions contemplated under the Purchase Agreement. Neither Lincoln Park Capital, LLC nor Lincoln Park Capital Fund, LLC is a licensed broker dealer or an affiliate of a licensed broker dealer.
- (2) Represents the 211,473 Initial Commitment Shares that we will issue to Lincoln Park as consideration for its commitment to purchase our common stock at our direction under the Purchase Agreement. In accordance with Rule 13d-3(d) under the Exchange Act, we have excluded from the number of shares of our common stock beneficially owned prior to the offering all of the 4,051,998 shares of our common stock that we may issue and sell to Lincoln Park pursuant to the Purchase Agreement from and after the Commencement Date and 211,474 Additional Commitment Shares that are being registered for resale under the registration statement of which this prospectus forms a part, because the issuance and sale of such shares to Lincoln Park under the Purchase Agreement is solely at our discretion and is subject to certain conditions, the satisfaction of all of which are outside of Lincoln Park's control, including the registration statement of which this prospectus forms a part becoming and remaining effective under the Securities Act. Furthermore, under the terms of the Purchase Agreement, issuances and sales of shares of our common stock to Lincoln Park under the Purchase Agreement are subject to certain limitations on the amounts we may sell to Lincoln Park at any time, including the Exchange Cap and the Beneficial Ownership Cap. See the description under the heading "The Lincoln Park Transaction" for more information about the Purchase Agreement.
- (3) Although the Purchase Agreement provides that we may sell up to \$10.0 million of our common stock to Lincoln Park, we are only registering 4,474,945 shares of our common stock for resale under this prospectus, including the 211,473 Initial Commitment Shares that we committed to issue to Lincoln Park as consideration for its commitment to purchase our common stock at our direction under the Purchase Agreement, for which we will receive no cash proceeds and 211,474 Additional Commitment Shares. Therefore, only 4,051,998 of such shares represent shares that we may issue and sell to Lincoln Park for cash consideration in purchases under the Purchase Agreement from time to time, at our sole discretion, during the 24-month period commencing on the Commencement Date. Depending on the price per share at which we sell our common stock to Lincoln Park pursuant to the Purchase Agreement, we may need to sell to Lincoln Park under the Purchase Agreement more shares of our common stock than are offered under this prospectus in order to receive aggregate gross proceeds equal to the full \$10.0 million available to us under the Purchase Agreement, including pursuant to the Initial Purchase. If we choose to do so, we must first register for resale under the Securities Act such additional shares. The number of shares ultimately offered for resale by Lincoln Park is dependent upon the number of shares we sell to Lincoln Park under the Purchase Agreement.
- (4) Assumes the sale of all shares of our common stock registered for resale by the Selling Stockholder pursuant to the registration statement of which this prospectus forms a part, although the Selling Stockholder is under no obligation known to us to sell any shares of common stock at any particular time.

PLAN OF DISTRIBUTION

The shares of our common stock offered by this prospectus are being offered by the Selling Stockholder, Lincoln Park. The shares may be sold or distributed from time to time by the Selling Stockholder directly to one or more purchasers or through brokers, dealers, or underwriters who may act solely as agents at market prices prevailing at the time of sale, at prices related to the prevailing market prices, at negotiated prices, or at fixed prices, which may be changed. The sale of our common stock offered by this prospectus could be effected in one or more of the following methods:

- ordinary brokers' transactions;
- transactions involving cross or block trades;
- through brokers, dealers, or underwriters who may act solely as agents;
- "at the market" into an existing market for the common stock;
- in other ways not involving market makers or established business markets, including direct sales to purchasers or sales effected through agents;
- in privately negotiated transactions; or
- any combination of the foregoing.

In order to comply with the securities laws of certain states, if applicable, the shares may be sold only through registered or licensed brokers or dealers. In addition, in certain states, the shares may not be sold unless they have been registered or qualified for sale in the state or an exemption from the state's registration or qualification requirement is available and complied with.

Lincoln Park is an "underwriter" within the meaning of Section 2(a)(11) of the Securities Act.

Lincoln Park has informed us that it intends to use an unaffiliated broker-dealer to effectuate all sales, if any, of the common stock that it may purchase from us pursuant to the Purchase Agreement. Such sales will be made at prices and at terms then prevailing or at prices related to the then current market price. Each such unaffiliated broker-dealer will be an underwriter within the meaning of Section 2(a)(11) of the Securities Act. Lincoln Park has informed us that each such broker-dealer will receive commissions from Lincoln Park that will not exceed customary brokerage commissions.

Brokers, dealers, underwriters or agents participating in the distribution of the shares as agents may receive compensation in the form of commissions, discounts, or concessions from Lincoln Park and/or purchasers of the common stock for whom the broker-dealers may act as agent. The compensation paid to a particular broker-dealer may be less than or in excess of customary commissions. Neither we nor Lincoln Park can presently estimate the amount of compensation that any agent will receive. We know of no existing arrangements between Lincoln Park or any other stockholder, broker, dealer, underwriter or agent relating to the sale or distribution of the shares offered by this prospectus. At the time a particular offer of shares is made, a prospectus supplement, if required, will be distributed that will set forth the names of any agents, underwriters or dealers and any

compensation from Lincoln Park, and any other required information.

We will pay the expenses incident to the registration under the Securities Act of the offer and sale of the shares of our common stock included in this prospectus by Lincoln Park. We estimate total expenses for the offering will be approximately \$100,000.

We have agreed to indemnify Lincoln Park and certain other persons against certain liabilities in connection with the offering of shares of common stock offered hereby, including liabilities arising under the Securities Act or, if such indemnity is unavailable, to contribute amounts required to be paid in respect of such liabilities. Lincoln Park has agreed to indemnify us against liabilities under the Securities Act that may arise from certain written information furnished to us by Lincoln Park specifically for use in this prospectus or, if such indemnity is unavailable, to contribute amounts required to be paid in respect of such liabilities.

Lincoln Park has represented to us that at no time prior to the Purchase Agreement has it or its agents, representatives or affiliates engaged in or effected, in any manner whatsoever, directly or indirectly, any short sale (as such term is defined in Rule 200 of Regulation SHO of the Exchange Act) of our common stock or any hedging transaction, which establishes a net short position with respect to our common stock. Lincoln Park has agreed that during the term of the Purchase Agreement, it, its agents, representatives or affiliates will not enter into or effect, directly or indirectly, any of the foregoing transactions.

We have advised Lincoln Park that they are required to comply with Regulation M promulgated under the Exchange Act. With certain exceptions, Regulation M precludes Lincoln Park, any affiliated purchasers, and any broker-dealer or other person who participates in the distribution from bidding for or purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of the distribution until the entire distribution is complete. Regulation M also prohibits any bids or purchases made in order to stabilize the price of a security in connection with the distribution of that security. All of the foregoing may affect the marketability of the securities offered by this prospectus.

This offering will terminate on the earlier of (i) the first day of the month immediately following the twenty-four (24) month anniversary of the Commencement Date, and (ii) the date that all shares offered by this prospectus have been sold by Lincoln Park.

Potential Anti-Takeover Effects

Certain provisions set forth in our Certificate of Incorporation and Bylaws and in Delaware law, which are summarized below, may be deemed to have an anti-takeover effect and may delay, deter or prevent a tender offer or takeover attempt that a stockholder might consider to be in its best interests, including attempts that might result in a premium being paid over the market price for the shares held by stockholders.

Pursuant to our Certificate of Incorporation, our Board of Directors may issue additional shares of common or preferred stock. Any additional issuance of common stock could have the effect of impeding or discouraging the acquisition of control of us by means of a merger, tender offer, proxy contest or otherwise, including a transaction in which our stockholders would receive a premium over the market price for their shares, and thereby protect the continuity of our management. Specifically, if in the due exercise of its fiduciary obligations, the Board of Directors were to determine that a takeover proposal was not in our best interest, shares could be issued by our Board of Directors without stockholder approval in one or more transactions that might prevent or render more difficult or costly the completion of the takeover by:

- Diluting the voting or other rights of the proposed acquirer or insurgent stockholder group;
- Putting a substantial voting bloc in institutional or other hands that might undertake to support the incumbent Board of Directors; or

Our Certificate of Incorporation also allows our Board of Directors to fix the number of directors in our Bylaws. Cumulative voting in the election of directors is specifically denied in our Certificate of Incorporation. The effect of these provisions may be to delay or prevent a tender offer or takeover attempt that a stockholder may determine to be in his, her or its best interest, including attempts that might result in a premium over the market price for the shares held by the stockholders.

In addition to the foregoing, our Certificate of Incorporation and Bylaws contain the following provisions:

Staggered Board. Our Board of Directors is divided into three classes of directors, Class I, II and III, with each class serving staggered 3-year terms.

Nominations of Directors and Proposals of Business. Our Bylaws generally regulate nominations for election of directors by stockholders and proposals of business at annual meetings. In general, Sections 1.10 and 1.11 of our Bylaws require stockholders intending to submit nominations or proposals at an annual meeting of stockholders to provide the Company with advance notice thereof, including information regarding the nomination or the stockholder proposing the business as well as information regarding the nominee or the proposed business. Sections 1.10 and 1.11 of our Bylaws provide a time period during which nominations or business must be provided to the Company that will create a predictable window for the submission of such notices, eliminating the risk that the Company finds a meeting will be contested after printing its proxy materials for an uncontested election and providing the Company with a reasonable opportunity to respond to nominations and proposals by stockholders.

Board Vacancies. Our Bylaws generally provide that only the Board of Directors (and not the stockholders) may fill vacancies and newly created directorships.

Special Meeting of Stockholders. Our Bylaws generally provide that special meetings of stockholders for any purpose or purposes for which meetings may be lawfully called, may be called at any time by our Board of Directors, the Chairman of the Board, the Chief Executive Officer or by one or more stockholders holding shares in the aggregate entitled to cast not less than fifty percent (50%) of the votes at that meeting. Business transacted at any special meeting of stockholders shall be limited to matters relating to the purpose or purposes stated in the notice of meeting.

While the foregoing provisions of our Certificate of Incorporation, Bylaws and Delaware law may have an anti-takeover effect, these provisions are intended to enhance the likelihood of continuity and stability in the composition of the Board of Directors and in the policies formulated by the Board of Directors and to discourage certain types of transactions that may involve an actual or threatened change of control. In that regard, these provisions are designed to reduce our vulnerability to an unsolicited acquisition proposal. The provisions also are intended to discourage certain tactics that may be used in proxy fights. However, such provisions could have the effect of discouraging others from making tender offers for our shares and, as a consequence, they also may inhibit fluctuations in the market price of our common stock that could result from actual or rumored takeover attempts. Such provisions also may have the effect of preventing changes in our management.

Delaware Takeover Statute

In general, Section 203 of the Delaware General Corporation Law prohibits a Delaware corporation that is a public company from engaging in any “business combination” (as defined below) with any “interested stockholder” (defined generally as an entity or person beneficially owning 15% or more of the outstanding voting stock of the corporation and any entity or person affiliated with such entity or person) for a period of three years following the date that such stockholder became an interested stockholder, unless: (1) prior to such date, the board of directors of the corporation approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder; (2) on consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the number of shares outstanding those shares owned (x) by persons who are directors and also officers and (y) by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or (3) on or subsequent to such date, the business combination is approved by the board of directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least two-thirds of the outstanding voting stock that is not owned by the interested stockholder.

Section 203 of the Delaware General Corporation Law defines “business combination” to include: (1) any merger or consolidation involving the corporation and the interested stockholder; (2) any sale, transfer, pledge or other disposition of ten percent or more of the assets of the corporation involving the interested stockholder; (3) subject to certain exceptions, any transaction that results in the issuance or transfer by the corporation of any stock of the corporation to the interested stockholder; (4) any transaction involving the corporation that has the effect of increasing the proportionate share of the stock of any class or series of the corporation beneficially owned by the interested stockholder; or (5) the receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through the corporation.

DISCLOSURE OF COMMISSION POSITION ON INDEMNIFICATION FOR SECURITIES ACT LIABILITIES

Our directors and officers are indemnified to the fullest extent permitted under Delaware law. We also maintain insurance which protects our officers and directors against any liabilities incurred in connection with their service in such a capacity.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing, or

otherwise, we have been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by us of expenses incurred or paid by a director, officer or controlling person of ours in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, we will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
